

Our linear architectural luminaires offer a wide range of profiles and mounting options. Custom lengths and patterns are tailored to suit any modern space.

Features

- Extruded, recycled aluminum housing
- Aluminum core LED boards, specifiable optics
- Specifiable color temperature. CRI > 90, R9 >50
- Custom lengths, welded patterns, and finishes available
- Specifiable dimmable drivers or PoE
- 5 Year, 50,000 hour warranty, damp location rated
- WELL Building Standard compatible [learn more](#)

Dimensions

Optics

low

medium

high

Representative distribution and peak candela. For other options see order information. See IES files [here](#).

Ordering Information

Example: FIN - 8 - 35 - MED - UNV - DB - W - WM - SD - CCS - DAYCKT - NA

Fixture ID 1	Length 2	Color Temperature 3	Output 4

Consult factory for more options, or click here.			

Performance

Output ¹	Watts/ft	Lumens/ft
Low	8	798
Medium	11	1123
High	14	1400

¹Based on a typically configured 90 CRI, 3500K luminaire using one driver.

Custom outputs available. Please consult factory.
For 4000K multiply by 105; for 3000K 0.9%; for 2700K, 0.92.

Wiring diagrams, PoE and sensor details

Modification date: June,2023

Page 2 of 4

Drivers & Electrical

Remote drivers with 0-10V Dimming standard. Several other driver options available; see ordering information. For remote driver box sizes, click [here](#).

Sensors & Controls

Sensors are installed in a remote driver box outside of the fixture. Please see the link above for remote driver box sizes.

Emergency Back-Up

For fixtures three-feet or longer, a 4W integral emergency driver may be wired to 4ft sections. 7W, 10W, and 12W drivers are also available (not all integral; consult factory). Emergency circuits for use with building generators are also available.

PoE (Power over Ethernet)

Compatible with virtually all PoE systems including Molex Coresync, Igor, Smartengine, Platformatics, and NuLED SPICEbox. Consult Factory for systems not listed, See [here](#) for more info.

Finishes

All luminaires are finished in high quality polyester powder coating. Our standard color is white. Any RAL color may be specified.

Weight

5 lbs per foot

Optics

Extruded satin acrylic lenses provide excellent diffusion, high transmission, and no LED imaging.

Construction

Housings are extruded premium, recycled aluminum. Individual fixtures are available up to 12' long and may be specified as nominal or precision lengths. Precision lengths are supplied within 1/8" tolerance.

Joined Runs

Runs of any length may be specified and are comprised of multiple, factory-engineered, joined sections. Individually specified luminaires are not field joinable.

Representative joinery. For product specific details see installation guides or submittal drawings.

Mounting Options

Custom mounting types and ceiling transitions available; consult factory.

Wall mount
